The AHF Mission

Our mission is to help the economically vulnerable veterans, seniors, disabled, youth aging out of foster care and consumers of our region achieve financial literacy, attain homeownership, participate in the American dream, and contribute to more stable, vital neighborhoods. To create this transition we offer advocacy, education, counseling and grant assistance, and work to increase the availability of safe, decent, affordable housing opportunities.

*****the bike you like the most in each division, please donate to that bike.**

The bike that gets the most donations per division will win the division.
